PROFILE

Computer Science student at BINUS University focused on intelligent systems development, UI/UX, and IoT research. Experienced as a Coding Instructor and led the FruitSense team to a Silver Medal at the international AISEEF 2026 competition. Open to discussing new projects and collaboration opportunities.

EXPERIENCE

Coding Instructor
Feb 2026 – Feb 2027

KodeKiddo

- Guided students in understanding programming logic and algorithms through a project-based curriculum (HTML, CSS, JavaScript, C++, Python, Scratch).
- Prepared structured reports evaluating each student's progress.

Team Leader & UI/UX Designer
2025 – 2026

FruitSense Project App

- Designed interactive prototypes and user flows in Figma.
- Developed the design of a fruit marketplace app with AI-based fruit quality detection.
- Managed the whole team and made sure every part of the system was integrated.

Freelance UI/UX Designer & Commissioned Level Designer

Freelance

- Designed interfaces as well as layouts and interactive spatial experiences.

PROJECTS

FruitSense App

AI & Mobile · Machine Learning

A digital marketplace for fruit trading with AI-powered features to optimize supply chains and reduce food waste among smallholder farmers, including fruit quality detection.

Fortunas AI

Business Intelligence · Productivity

An AI-based solution for business intelligence and productivity.

PUBLICATION

Optimizing Productivity: Internet of Things based Workload and Stress Monitoring using Galvanic Skin Response (GSR) Sensor Analysis and Microcontroller Arduino Uno

F. A. Ongky, M. E. Kartiyoso, S. R. N. Gunawan, A. L. Dewi, V. J. L. Engel

Procedia Computer Science · oral presentation at the 10th ICCSCI 2025, July 31 – August 1, 2025

EDUCATION

BINUS University (Semarang)

Computer Science

AWARDS

Silver Medal — AISEEF 2026

International level · Informatics, Robotic & AI category · FruitSense team leader

Feb 02, 2026

Finalist, UI/UX Competition

Fasilkom Fest 2025 · UPN "Veteran" Jawa Timur · national level

Nov 29, 2025

CERTIFICATIONS

Python Dev
